Addendum # 2

RFP # 7323249: Web-based Portal for Educational Recruitment

Submission Deadline: 23 Nov 09 @ 2:30 PM (Eastern Time)

Questions:

1. Can you explain in greater detail what is meant by "Provide on-site technical support to all RI districts and schools and potential candidates"?

Answer: RIDE anticipates that some school districts will need assistance in learning how to effectively use any system that is implemented.

2. How often are you requiring someone "on site" OR can "technical support" be done through phone conferences or online?

Answer: The proposal should include the ways in which you would propose providing that technical assistance. We have no specific requirements for how often someone must be on-site. Phone conferencing or on-line support would also be considered as part of any proposal.

3. How many employees in total are within RI districts and schools OR RIDE?

Answer: There are 13,000 working educators in RI, 36 school districts, 3 state schools, 13 charter schools, and other private special education facilities and adult education agencies that serve approximately 150,000 learners.

4. How many users do you anticipate will need to access this new Recruitment and Hiring portal?

Answer: Approximately 50 entities could be using the system as a recruitment and hiring tool.

Jerome D. Moynihan, C.P.M., CPPO
Administrator of Purchasing Systems
